Conference Menu

The Best Western Wayside Inn is known for their great food and the Conference Committee has come up with some different ideas for this year's conference menu.

As we want everyone to enjoy their food, if you have any food allergies or special dietary requirements we ask that you specifically note them on the registration form. Failing to do so may result in not meeting your required needs.

Tour Information

TOUR #1: SKYPORT/REYNOLD'S ALBERTA MUSEUM

Skyport is one of Wetaskiwin's most unique features with privately owned lots; each airport hangar includes living spaces above creating a unique opportunity for property owners.

Reynold's Alberta Museum includes more than 500 vehicles, 130 aircraft, 5,000 pieces of agricultural equipment, and 70,000 pieces of trade literature, the Reynold's Alberta Museum is a dynamic exploration of our mechanical heritage.

TOUR #2: HOME HARDWARE DISTRIBUTION CENTRE/WETASKIWIN CO-OP AGRO CENTRE (Max 50 guests)

The **Home Hardware Distribution Centre** is one of four highly sophisticated warehouses across Canada with Wetaskiwin being the distributor for all of Western Canada.

Wetaskiwin Co-op Agro Centre (formally known as Parkland Fertilizers) is a member-owned, full service crop inputs retail serving the community in Wetaskiwin; providing the best quality products with leading edge agronomic information and exceptional customer service.

Conference App

The City of Wetaskiwin is always striving to be more environmentally friendly by holding Earth Day events, recycling, composting, and always trying to reduce the amount of paper we use. With that in mind, we wanted to be the 1st host municipality to have an app for the ADOA Conference.

The app, powered by Socio™, will be available for download **September 1, 2018** and will have all of the same information of the traditional paper brochure: the agenda, the menu, speaker and entertainment biographies, sponsor information, City of Wetaskiwin maps, documents from the presentations, polling, surveys, and SO MUCH MORE!!

This app has a survey system connected to it, where after every session we will send you a notification asking you to fill out a survey about the speaker you had just heard. We all know how hard it is to remember the very first speaker on the very first day when you're trying to fill out the survey at the end of the conference.

We will have staff available at the pre-registration evening and the morning registration to help download the app to your device. There will also be an "App Introduction" session at the beginning of the conference so everyone will know how it works! The app will be available for iPhone, Android, and Desktop (which we will provide a link for upon launch date).

Stay tuned for more information!

Sign up for the Early Bird Registration (deadline: August 1, 2018) and be entered to WIN a *Samsung 9.6" Galaxy Tablet!!!*
